

◆ CALL FOR PAPERS

The Balkan Light 2018 organizers invite you to submit papers in the area of the conference topics. A two-pages extended abstract for each paper should be submitted via the conference management system. Abstracts will be reviewed by at least two reviewers. Each author can participate in up to three papers.

◆ SCOPE OF THE CONFERENCE

The Balkan Light 2018 is the 7th Balkan Light Conference, which takes place every 3 years and serves as the premier Balkan and International forum in the field of lighting engineering.

The main aim of the Balkan Light 2018 conference is to give an opportunity to academics, scientists, engineers, PhD students, manufacturers and users to discuss and exchange information about the results of their theoretical and experimental investigation, the utilization of new materials and application of new technologies in the field of lighting.

◆ VENUE

The seventh Balkan Light Conference, Balkan Light 2018, will be held for the second time at the Frederic Joliot-Curie International House of Scientists on September 20-22 2018, Varna, Bulgaria.

◆ LANGUAGE

The working language of the conference is English.

◆ PAPER PRESENTATION

Papers will be presented in oral and poster sessions. Authors are asked to suggest the preferred form of presentation while the Program Committee will make the final decision. Authors are expected to attend the conference in person to present their papers.

◆ IEEE PUBLICATION

Balkan Light 2018 in Varna is registered as an IEEE conference: https://conferences.ieee.org/conferences_events/conferences/conferencedetails/44930. IEEE is the copyright holder of the Conference Proceedings. All accepted papers will be submitted to the IEEE Xplore® Digital Library. IEEE reserves the right to exclude a paper from distribution after the conference, including IEEE Xplore® Digital Library, if the paper is not presented (<http://www.ieee.bg/about.html>).

◆ IEEE INTEREST FIELDS IN LIGHTING

- A. Communication, Networking and Broadcast Technologies
- B. Components, Circuits, Devices and Systems
- C. General Topics for Engineers
- D. Power, Energy and Industry Applications
- E. Robotics and Control Systems

◆ TOPICS IN LIGHT AND LIGHTING

1. Lighting Technology (light sources, luminaires, lighting controls)
2. Lighting Calculations. Photometry and Colorimetry
3. Energy Efficiency and Economic Aspects of Lighting
4. LED Lighting. Photobiology and non-Visual Effects of Light
5. Ergonomics and Physiology of Vision. Human Aspects of Lighting
6. Interior, Exterior and Road Lighting. Lighting Quality. Light Pollution
7. Renewable Energy Sources and Lighting
8. Management of Lighting and Renewable Energy Sources
9. Daylight Design and Architectural Lighting
10. Common Lighting Aspects. Standards and Legislation in Lighting

Further information can be obtained on the Conference webpage: <http://balkanlight2018.nko.bg/> or on the CIE webpage <http://www.cie.co.at/news/cie-nc-bulgaria-balkan-light-2018>

◆ ACCOMPANYING EVENTS

Companies are kindly invited to take part in the conference with presentations, innovations and sample demonstrations. To ensure participation, together with the application, please inform us about: the title of technical performance, the requested area and necessary voltage.

◆ DEADLINES

Extended Abstract Submission:	June 30, 2018
Notification of Acceptance:	July 08, 2018
Early Bird Registration:	August 31, 2018
Full Papers Submission:	September 10, 2018
